The Honorable Lee Zeldin
Administrator
U.S. Environmental Protection Agency
1200 Pennsylvania Avenue, N.W.
Washington, DC 20460

Dear Administrator Zeldin:

I write to request immediate clarity regarding the activities of the Department of Government Efficiency (DOGE) teams within your agency and across the federal government. The actions of employees operating under the “DOGE” moniker have thus far been shielded from transparency and accountability, but this cannot continue. The American public has a right to know how Musk’s DOGE teams are operating and how the actions of DOGE employees undermine lifesaving services, expose sensitive taxpayer data, and contribute to other unlawful activity.

Elon Musk claims that all of DOGE’s actions are “maximally transparent,” but Congress and the American people have no real insight into the actual operations of DOGE.¹ The Trump Administration has attempted to shield DOGE from government transparency laws, such as the Freedom of Information Act.² The little that we do know about DOGE operations is deeply troubling. For example, Mr. Musk admitted that DOGE accidentally cancelled Ebola prevention efforts.³ Republicans across the country have heard from constituents who are irate that DOGE has access to the government’s centralized payment systems and that DOGE could expose sensitive taxpayer data through its reckless actions.⁴ What little additional information we have about DOGE comes from Mr. Musk’s posts to the social media platform he owns and DOGE’s own website, which was found to be riddled with factual errors.⁵

To understand DOGE's impact on the people's government, I request that you provide the following information by March 14, 2025:

1. All documents and communications referring or relating to Elon Musk, DOGE, DOGE staff, DOGE Team members, or individuals working on DOGE-related activities.⁶

5. Dear Secretary Burgum:

I write to request immediate clarity regarding the activities of the Department of Government Efficiency (DOGE) teams within your agency and across the federal government. The actions of employees operating under the “DOGE” moniker have thus far been shielded from transparency and accountability, but this cannot continue. The American public has a right to know how Musk’s DOGE teams are operating and how the actions of DOGE employees undermine lifesaving services, expose sensitive taxpayer data, and contribute to other unlawful activity.

Elon Musk claims that all of DOGE’s actions are “maximally transparent,” but Congress and the American people have no real insight into the actual operations of DOGE.¹ The Trump Administration has attempted to shield DOGE from government transparency laws, such as the Freedom of Information Act.² The little that we do know about DOGE operations is deeply troubling. For example, Mr. Musk admitted that DOGE accidentally cancelled Ebola prevention efforts.³ Republicans across the country have heard from constituents who are irate that DOGE has access to the government’s centralized payment systems and that DOGE could expose sensitive taxpayer data through its reckless actions.⁴ What little additional information we have about DOGE comes from Mr. Musk’s posts to the social media platform he owns and DOGE’s own website, which was found to be riddled with factual errors.⁵

Dear Secretary Kennedy:

I write to request immediate clarity regarding the activities of the Department of Government Efficiency (DOGE) teams within your agency and across the federal government. The actions of employees operating under the “DOGE” moniker have thus far been shielded from transparency and accountability, but this cannot continue. The American public has a right to know how Musk’s DOGE teams are operating and how the actions of DOGE employees undermine lifesaving services, expose sensitive taxpayer data, and contribute to other unlawful activity.

Elon Musk claims that all of DOGE’s actions are “maximally transparent,” but Congress and the American people have no real insight into the actual operations of DOGE.¹ The Trump Administration has attempted to shield DOGE from government transparency laws, such as the Freedom of Information Act.² The little that we do know about DOGE operations is deeply troubling. For example, Mr. Musk admitted that DOGE accidentally cancelled Ebola prevention efforts.³ Republicans across the country have heard from constituents who are irate that DOGE has access to the government’s centralized payment systems and that DOGE could expose sensitive taxpayer data through its reckless actions.⁴ What little additional information we have about DOGE comes from Mr. Musk’s posts to the social media platform he owns and DOGE’s own website, which was found to be riddled with factual errors.⁵

The Honorable Brooke Rollins
Secretary
U.S. Department of Agriculture
1400 Independence Avenue, S.W.
Washington, DC 20250

Dear Secretary Rollins:

I write to request immediate clarity regarding the activities of the Department of Government Efficiency (DOGE) teams within your agency and across the federal government. The actions of employees operating under the “DOGE” moniker have thus far been shielded from transparency and accountability, but this cannot continue. The American public has a right to know how Musk’s DOGE teams are operating and how the actions of DOGE employees undermine lifesaving services, expose sensitive taxpayer data, and contribute to other unlawful activity.

Elon Musk claims that all of DOGE’s actions are “maximally transparent,” but Congress and the American people have no real insight into the actual operations of DOGE.¹ The Trump Administration has attempted to shield DOGE from government transparency laws, such as the Freedom of Information Act.² The little that we do know about DOGE operations is deeply troubling. For example, Mr. Musk admitted that DOGE accidentally cancelled Ebola prevention efforts.³ Republicans across the country have heard from constituents who are irate that DOGE has access to the government’s centralized payment systems and that DOGE could expose sensitive taxpayer data through its reckless actions.⁴ What little additional information we have about DOGE comes from Mr. Musk’s posts to the social media platform he owns and DOGE’s own website, which was found to be riddled with factual errors.⁵

1. All documents and communications referring or relating to Elon Musk, DOGE, DOGE staff, DOGE Team members, or individuals working on DOGE-related activities.⁶
