June 24, 2026

Mr. Curtis E. Wood  
Atlantic Industrial Coatings LLC  
24498 N James Madison Hwy  
New Canton, VA 23123

Dear Mr. Wood:

As the nation grapples with a historic affordability crisis and a costly and failed war in the Middle East, President Trump is failing to protect our national treasures while wasting taxpayer dollars through poorly executed pet projects. In the latest example of stunning waste, fraud, and abuse, the Trump Administration skirted standard contracting practices to award non-competitive contracts to Trump donors and acquaintances—including yourself—to beautify the Lincoln Memorial Reflecting Pool.<sup>1</sup> Now, as the Reflecting Pool's new paint flakes off in chunks and water is consumed by algae, it appears those taxpayer dollars have been flushed down the drain. While Americans struggle to afford basic necessities amid the economic turmoil sowed by the Trump Administration, I demand information and documents to understand how this egregious waste of taxpayer dollars was allowed to occur.<sup>2</sup>

The National Park Service, within the Department of the Interior (DOI), bypassed the competitive-bidding process that is typically required and awarded your firm a non-competitive contract, now valued at over \$14 million, to repaint the Reflecting Pool.<sup>3</sup> Your firm has reportedly done work on pools at a Trump golf club but has not won a federal contract before.<sup>4</sup> This award came on the heels of a \$1.7 million contract to another firm tied to President Trump in for algae removal, also awarded after bypassing the competitive bidding process designed to protect taxpayer dollars from waste and abuse.

<sup>2</sup> House Committee on Appropriations, Democrats, *Press Release: Trump Administration Spent Tens of Millions in Taxpayer Funds on Ballroom and then Lied About It* (June 16, 2026) (online at <https://democrats-appropriations.house.gov/news/press-releases/trump-administration-spent-tens-millions-taxpayer-funds-ballroom-and-then-lied>).

<sup>3</sup> *Firm Ties to Trump Donor Got No-Bid Contract to Clean Reflecting Pool*, New York Times (June 18, 2026) (online at [www.nytimes.com/2026/06/18/us/politics/trump-donor-contract-reflecting-pool.html](http://www.nytimes.com/2026/06/18/us/politics/trump-donor-contract-reflecting-pool.html)).

<sup>4</sup> *Trump's Lincoln Memorial Reflecting Pool Work Comes Under Scrutiny: 4 Things to Know*, The Hill (June 19, 2026) (online at <https://thehill.com/homenews/administration/5932337-lincoln-memorial-reflecting-pool-algae/>).

President Trump’s mismanagement of taxpayer dollars for the Reflecting Pool project yielded abysmal results for taxpayers. Initial estimates for the Reflecting Pool contract work started at roughly \$1.5 million but overall costs are now tracking to exceed \$15 million.<sup>5</sup> On June 20, 2026, the *Washington Post* reported that after completing over \$14 million in repairs just earlier this month, algae has aggressively rebloomed and newly-applied paint is peeling and floating to the surface.<sup>6</sup> President Trump now claims he “did not know, and [has] never used before” the contractor associated with the Reflecting Pool project, despite previously claiming that he had a “guy who’s unbelievable at doing swimming pools.”<sup>7</sup>

The American people deserve better management of their tax dollars. They also deserve to know how the contractors selected to do this work were vetted and how they plan to address their shoddy work moving forward. To get answers, I request that you provide the following materials related to your contract with DOI by July 8, 2026:

1. The scope of work, including equipment specifications, unit placement, and installation, testing, and commissioning dates;
2. Contract performance standards and benchmarks for paint coatings, water quality and algae control, including any considerations made to ensure nontoxicity to wildlife;
3. An explanation for the system’s apparent failure to prevent paint peeling, algae growth, or improve water quality;
4. Communications with National Park Service, DOI, Green Water Solutions LLC, or other parties regarding project performance, deficiencies, or remediation;
5. Corrective actions taken or planned; and
6. Amounts invoiced and paid, including modifications, subcontractor costs, and anticipated expenses.

Please produce all relevant contracts, proposals, technical and design documents, testing and water-quality records, maintenance materials, invoices, photographs, analyses, and communications with your submission by July 8, 2026. Atlantic Industrial Coatings LLC is also directed to preserve all records relating to the project, including pertinent electronic communications maintained on personal devices or accounts used for official business.
