MA Attorney General "Listening Sessions" start Thursday, May 26 in Pittsfield

Help urge appeal of Otis State Forest em. domain ruling

The Office of Attorney General Maura Healey will be hosting listening sessions in Pittsfield, Worcester and Springfield, devoted to hearing directly from residents. They want to hear from you about the environmental and energy issue that are important to you and your family.

This is a crucial time to attend and ask the AG's office to **APPEAL THE CT EXPANSION EMINENT DOMAIN CASE**, where Berkshire Co. Court ruled in favor of Kinder Morgan being allowed to condemn the pipeline right of way through Otis State Forest and ***set a precedent on Article 97 vs. eminent domain for pipelines across the state.***

"Pipeline tax" still being pursued by gas-fired electric generation companies - Pittsfield hearing scheduled

National Grid and Eversource are still pressing on with their request to the MA DPU for permission to charge their electric ratepayers and extra tariff to cover their costs for pipeline capacity contracts, aka "The Pipeline Tax".

The Mass. DPU has scheduled a 3rd public comment hearing for Pittsfield concerning DPU docket no. 16-05, the proposed National Grid contract on Access Northeast and DPU docket no. 15-181, the proposed Eversource contract.

"The Department will conduct a third public hearing to receive comments on the Companies' petition:

Josh Fox at Berkshire International Film Festival (BIFF)

Ben Barber & Rosemary Wessel join Josh for panel discussion

What better way to celebrate the cancellation of NED and denial of the 401 for Constitution than by attending Josh Fox's new, inspirational film and a discussion of these local fights afterward!
