One further note: as it turns out Isabel Mogstad will be joining our call tomorrow. Her title is Director, US Policy & Engagement and she joined our team earlier this year from the Environmental Defense Fund. She also is quite engaged and has a keen interest in the topics we are discussing.

I look forward to speaking tomorrow.

Best regards,  
Bob Stout

Thanks Jessica and Kathy. One minor note: my title is VP & Head of US Policy (not Regulatory Affairs).

I look forward to the discussion.

Best,  
Bob Stout

Hello Kathy

I hope you and the team are all well and have had a good week.

Thanks for confirming the names of attendees from your side. From the bp side, we will have the following in attendance:

- Paul Jefferiss, Head of Policy
- Spencer Dale, Group Chief Economist
- Bob Stout, VP & Head of Regulatory Affairs, bp America

I'm afraid I'm now unfortunately unable to attend but you're in very good hands with the above! Kathrina and Isabel also won't be attending this one (Kathrina is in fact just about to depart on maternity leave).

I don't believe we have anything further to add regarding the agenda, thanks for adding the helpful timings which seem reasonable and a useful guide – and we'll certainly look forward to hearing your thoughts regarding expectations for our September update. I will let Spencer, Bob and Paul chip in if they do have anything further they want to suggest.

Thank you again and hope everyone has a great weekend

Jessica

**Subject:** RE: Union of Concerned Scientists and bp update meeting

Dear Paul, Spencer, Bob, and Jessica,

My UCS colleagues and I are looking forward to our meeting next Thursday 16 July. The UCS participants (copied on this message) will be:

- Peter Frumhoff, Director of Science and Policy
- Jeremy Martin, Senior Scientist and Director of Fuels Policy, Clean Vehicles Program
- Kathy Mulvey, Accountability Campaign Director, Climate and Energy Program
- Nicole Pinko, Corporate Analyst and Engagement Specialist, Climate and Energy Program

Will it be just the four of you from BP? In earlier email traffic, Bob had mentioned Kathrina Mannion from the Group Policy team and Isabel Mogstad from his team. Will either of them be joining us? And would you please confirm and/or share the roles and titles of all the BP participants?

From UCS's perspective, the objectives of this meeting are:

- That BP share further details on its net zero aims, price assumptions, policy advocacy alignment, and other plans as they relate to a business strategy consistent with the goals of the Paris climate agreement and IPCC science;
- That BP has an opportunity to hear UCS's expectations for its September update on its net zero aims.

In this context, we have a few proposed amendments to the agenda attached to the appointment. We've also added proposed times for each agenda item.

1. Introductions (5")
2. Brief presentations by BP (30"):
  - bp's net zero aims
  - Plans for September update (*note at this stage information we are able to share will be limited*)
  - bp's recent price assumption announcements
  - bp's recently published Stats Review
3. UCS expectations for September update on BP's net zero aims (20")
4. Wrap-up (5")

Please let us know if you suggest further refinements to the meeting objectives or agenda.

Regards,  
Kathy

**Where:** Microsoft Teams Meeting

Dear all,

Per email communications and following conversations on TCI & bp's net zero aims, an opportunity for further dialogue specifically around:

1. bp's net zero aims,
2. Plans for September update (*note at this stage information we are able to share will be limited*);
3. bp's recent price assumption announcements
4. bp's recently published Stats Review.

To assist in a deeper conversation around the latter two items, we will be joined by Spencer Dale, bp's SVP economic and energy insights.
