Overlaps some of what I sent before but this also might be of interest, esp. the overview slide pack. Trying to keep us consistent and coordinated across the multiple trades where we are doing this.

Sorry for the multiple note but afterwards I thought it might also be helpful for many of you to see the roster of reps on the CWG for each member company.

All:  
As we approach AFPM I thought it might be helpful for all of you to have a few key documents outlining the similar effort underway at API starting at the ExCo level and now through the Climate Work Group (CWG), on which Susan nominated me to serve as BP's representative.
