Ms. Lynnette Rhodes
Executive Director, Medical Assistance Plans
Department of Community Health
State of Georgia
2 Peachtree Street, N.W.
Atlanta, GA 30303

Dear Executive Director Rhodes:

The Subcommittee is seeking information about the compliance of the State of Georgia's annual Medicaid renewal process with the requirements of the National Voter Registration Act (NVRA).

Under the 2012 regulations implementing the Affordable Care Act, a state government must renew recipients' eligibility determinations for its Medicaid program each year using the state's available administrative data when possible.¹ States can automatically renew recipients' Medicaid enrollment without directly seeking additional information from the recipients themselves.² When their enrollment is automatically renewed, recipients receive notices of the action and an opportunity to correct any inaccuracies in their automatically collected information.³

The Subcommittee seeks to ensure that Medicaid recipients going through the automatic renewal process are offered the opportunity to register to vote as required by the NVRA. State Medicaid offices, such as the one housed in the Georgia Department of Community Health (GDCH), are voter registration agencies under the NVRA and must "distribute" a voter registration form "with each recertification, renewal, or change of address form relating to such service or assistance."⁴

³ 42 C.F.R. § 435.916(a)(2).

⁴ 52 U.S.C. § 20506(a)(2)(A), (a)(6).

More than 1.6 million Georgians are enrolled in Medicaid.⁵ According to the Kaiser Family Foundation, Georgia conducts a portion of its Medicaid renewals through an automated process.⁶ It is essential for GDCH to have a reliable process for offering voter registration to Medicaid recipients whose benefits are automatically renewed.

For these reasons, the Subcommittee is seeking to determine Georgia's process for NVRA compliance in automated renewals. Please produce the following documents and information by March 9, 2020:

1. A description of how Georgia Medicaid recipients of voting age are provided with an opportunity to register to vote during the annual renewal process;
2. For each voter registration process described in your response to item (1) above, when GDCH first implemented that process;
3. For each year from 2012 through 2019, the number of Georgia Medicaid renewals completed in total and using the automated process permitted under the Affordable Care Act;
4. For each year from 2012 through 2019, the number of voter registration forms distributed by GDCH to Medicaid recipients whose benefits were renewed using the automated process described above;
5. For each year from 2012 through 2019, the number of voter registration forms submitted to GDCH by Medicaid recipients in total and whose benefits were renewed using the automated process described above;
6. For each year from 2012 through 2019, the number of voter registration forms submitted to the Georgia Secretary of State by GDCH;
7. The most recent training provided to employees of GDCH to carry out the duties required of voter registration agencies under the NVRA in the context of automated renewals of Medicaid coverage;
8. All documents reflecting communications GDCH, or between the Department and others, since 2012 about how the Department would implement the requirements of the NVRA in its Medicaid renewal process.
