Subject: Re: Purdue 2014 Budget Proposal

Hi Mortimer, I don't understand why no Board member has responded to your strong, thoughtful objections to the budget. What do you think?

On Oct 27, 2013, at 3:14 PM, "Sackler, Mortimer D.A." <[REDACTED]@pharma.com> wrote:

I have to say in advance of the meeting that this budget is totally unacceptable to me. I don't know what others think but to me this is a non-starter. In my opinion we would be better off laying everyone off and milking the business than doing this! They even admit that the total growth in Butrans next year is driven entirely from the price increases! Then why assign ANY S&P against it if they can't grow volumes?

Seems like the organization has just fully given up and is resigned to declining volume sales for all our products which bodes really badly for our business and our pipeline (and I would again question the value of investing so heavily in an R&D pipeline whose future is very questionable given the dramatic changes that have happened in the market). And just this past week the FDA approved Zogenix's non-AD controlled release Hydrocodone which our group felt had no chance of approval, which further calls into question our AD strategy and pipeline.

What is clear to me is two things:

1. We MUST cut costs even further than proposed here in this budget.
2. We need to spend time focusing on and discussing how we will reverse this trend and what the future truly holds for our pipeline given the current realities of the market (both managed care and AD protections from generics).

Clearly bringing in our new CEO is key, but what can we do in the meantime? Do we really want to spend this week debating a budget or should we focus on pushing for further cuts in spending and not agree a current top line budget saying it is simply unacceptable at their proposed sales level. They must figure out how to do more with less and if they can't, which seems to be the case, then they should say so and maybe they should retire as well. We are still spending WAY too much money in areas where we are getting no return for it (btw, I see Dilauded is way behind budget, did we ever look back to see if we made money on that acquisition or if it was a big loss?) and probably too little money in areas where we could get a much better return. I am not convinced that our rebate/managed care strategy is benefiting us sufficiently given the cost of it (and maybe we can't do any better) and it also is not clear to me from the proposals [REDACTED]

Redacted

Lots of questions, and very few answers that I have seen in the information so far.

Purdue 2014 Budget Proposal
Narrative

October 23, 2013

The following is an overview of the proposed Purdue 2014 Budget.

1.0 <!--[if !supportLists]--><!--[endif]-->Net Sales

	2011 <u>Actual</u>	2012 <u>Actual</u>	2013 <u>Budget</u>	2013 Latest Estimate	2014 Proposed <u>Budget</u>
Total	\$2.2B	\$2.2B	\$2.4B	\$2.0B	\$1.5B
OxyContin	\$2.0B	\$2.0B	\$2.1B	\$1.8B	\$1.3B
Butrans	\$55.9M	\$84.0M	\$126.9M	\$110.3M	\$135.5M

The budget process started with a deep analysis of the factors influencing OxyContin's 2013 sales performance and then building the 2014 based on that analysis. The following are highlights:

1.1 <!--[if !supportLists]--><!--[endif]-->OxyContin demand is running below 2012 levels, and also below 2013 Budget. The reasons for the decrease generally relate to:

- a) <!--[if !supportLists]--><!--[endif]-->Anti-opioid pressures by groups such as PROP,
- b) <!--[if !supportLists]--><!--[endif]-->DEA enforcement and control activities directed at wholesalers and drug chains,
- c) <!--[if !supportLists]--><!--[endif]-->Continued payer pressure to move demand to low-cost generics
- d) <!--[if !supportLists]--><!--[endif]-->Increasingly restrictive opioid prescribing guidelines and regulations,
- e) <!--[if !supportLists]--><!--[endif]-->S&P execution and
- f) <!--[if !supportLists]--><!--[endif]-->IMS data has been overstated by about 6% for the last 3 years. IMS has since confirmed the overstatement and will be correcting their reporting. This resulted in the 2013 OxyContin net sales budget being over-calculated by \$81M.

The 2014 Budget and business plan addresses each of these:

- <!--[if !supportLists]--><!--[endif]-->Items A to D above will be addressed by the External Affairs group and the R&D Health Outcome group – who will present next week.
- <!--[if !supportLists]--><!--[endif]-->Item E – the S&P investment in OxyContin is proposed to increase from \$50.8M and 2.5% of sales to \$108.6M and 8.3% of sales in the 2014 proposal, and S&P execution is being addressed by the E2E initiative inspired by the recent McKinsey report. The E2E project status will be presented by the project leadership team next week.
- <!--[if !supportLists]--><!--[endif]-->Finally, on Item F – in building the 2014 budget the IMS data has been corrected.

Redacted

1.2 <!--[if !supportLists]--><!--[endif]-->Butrans demand is growing steadily as a result of continued S&P investment and improved managed care coverage. The 2014 Budget Proposal projects that growth to continue, and for the brand to achieve a positive annual P&L in 2014 -- its fourth year on the market. The prospects for continued profitability are bright considering that there have been no paragraph 4 filings and that prospects are good for patent term extension.

1.3 <!--[if !supportLists]--><!--[endif]-->Intermezzo net sales are stable and at an annual run rate of \$10 to \$11M. Current S&P investment is minimal. In 2014, the budget proposal is to run the brand at a breakeven P&L or better.

Redacted

Redacted

Redacted

2.0 <!--[if !supportLists]--><!--[endif]-->Operating Expenses

	<u>2011 Actual</u>	<u>2012 Actual</u>	<u>2013 Budget</u>	<u>2013 Latest Estimate</u>	<u>2014 Proposed Budget</u>
Total Operating Expenses	\$714M	\$868M	\$930M	\$825M	\$719M

2.1 <!--[if !supportLists]--><!--[endif]-->In view of the projected lower sales, the Proposed Budget includes an operating expense reduction of \$149M or 17% vs. 2012 and \$106M or 13% vs. 2013 Latest Estimate. These decreases impacted all areas of Purdue. The detail of the reductions will be covered next week, and the following are a few highlights.

2.2 <!--[if !supportLists]--><!--[endif]-->G&A spending in the Proposed 2014 Budget is \$135M - \$18.9M or 3% lower than the 2013 Latest Estimate. This Budget Proposal assumes a G&A staff reduction of 49 or 13%, a \$4.1M reduction in grants related spending and other reductions.

Redacted

2.4 <!--[if !supportLists]--><!--[endif]-->R&D spending in the Proposed Budget is \$263M - \$36M or 12% lower than the 2013 Latest Estimate due to lower spending as the HYD and ONU programs.. Additional reductions, now budgeted in the Other US P&L line, were previewed at the October 3 Board meeting and will be discussed next week.

2.5 <!--[if !supportLists]--><!--[endif]-->S&P spending in the Proposed Budget is \$258M - \$17M or 6% lower than the 2013 Latest Estimate. The S&P decrease is lower than the decreases in other areas primarily because management sees significant opportunity to improve sales of OxyContin and Butrans -- especially in view of the E2E initiatives to improve the efficiency of the S&P investment.

2.6 <!--[if !supportLists]--><!--[endif]-->Other – U.S. income of \$5.6M includes \$13.6M of confidential expense reductions -- including 23 headcount reductions -- offset by a \$10M President's fund.

3.0 <!--[if !supportLists]--><!--[endif]-->Operating Margin after Incentives and Settlements is the pretax profit of all Purdue U.S. operations -- 2014 Proposed Budget is \$554.5M - \$312.6M less than 2013 Latest Estimate due to lower sales offset partially by expenditure reductions.

4.0 <!--[if !supportLists]--><!--[endif]-->Non-tax Distributions in the Proposed 2014 Budget are \$314.1M.

5.0 <!--[if !supportLists]--><!--[endif]-->Other items of note:

5.1 <!--[if !supportLists]--><!--[endif]-->The 2014 Budget assumes that the Medicaid Rebate Line Extension regulation is unfavorably resolved, resulting in a higher OxyContin rebate back to August 2010 and a \$265M additional rebate payment in 2014. A favorable outcome would result in a potential distribution of the \$265M with 50% being tax and 50% non-tax.

5.2 <!--[if !supportLists]--><!--[endif]-->The 2014 Proposed Budget includes \$11.7M funding of Targiniq prelaunch activities. As timing of approval, labeling and other details become clearer, a sales and launch budget will be proposed. For reference, the most recent 10 Year Plan had first 12 months Targiniq nets sales and operating margin/(loss) of \$31.1M and (\$66.3M), respectively.

5.3 <!--[if !supportLists]--><!--[endif]-->The 2014 Proposed Budget includes \$6.9M to fund prelaunch activities for HydroContin.

6.0 <!--[if !supportLists]--><!--[endif]-->**Conclusion:** We believe that this budget proposal strikes a good balance between aggressive cost management, investing in the promotion of OxyContin and Butrans and investing in the R&D pipeline and related activities.

7.0 <!--[if !supportLists]--><!--[endif]-->**Attached are the following:**

7.1 <!--[if !supportLists]--><!--[endif]-->Agenda for Budget Meeting

7.2 <!--[if !supportLists]--><!--[endif]-->2013 Review and 2014 Budget Overview

7.3 <!--[if !supportLists]--><!--[endif]-->Finance 2014 Overall Budget Review
