**Subject:** RE: Upstream Carbon Steering Team Meeting Call

Perfect – much appreciated, Mary. Doesn't look like tomorrow's call will get into C&EA much, but good to get a briefing from Bob.

Let's keep this under review to ensure that if the agenda requires, we have one of you join the call.

Take care.

Steve

**Subject:** RE: Upstream Carbon Steering Team Meeting Call

Thanks Steve – Bob Stout will call you in the morning to brief you on some issues to cover for the US if they come up. Ideally one of us would be on the call – but I understand this is being limited. Please make sure we get plugged into any policy discussion – as there may be inconsistency in the L48 positions and other business in the US as well as Group. In particular, if the Oct 1 Methane event in DC comes up – please defer the conversation. It is definitely still on – and we want Gordon to participate – but Lower 48 has some reservations and we are exploring. Stout can explain – hopefully that won't be an issue.

**Subject:** FW: Upstream Carbon Steering Team Meeting Call

Hi Mary

Hope you're well.

Patricia asked me to reach out to ensure we're all ok with this Steering Group composition.

In a nutshell, Gordon is keen to keep the Steering Group as tight as possible, which has meant limiting C&EA representation to one person. I can understand this – and there are still 17 people on the SG, which sounds too many! As these calls will focus on the operational activation of the carbon roadmap within the Upstream business, I can represent Upstream Comms – and liaise with you, Tara, Bob and others either side of each call.

Happy to jump on a call to discuss further – otherwise, let me know if you're happy to leave it with me.

Best regards

Steve

**Subject:** RE: Upstream Carbon Steering Team Meeting Call

Hi Tara

Just back from holiday – hard to adjust to work again...

Gordon's EA, Patricia, spoke to me yesterday and said that he wants to keep the Steering Group as small as possible and therefore only have one C&EA representative (me). Others may join as presenters or guests at relevant calls in future.

I can talk later today (after 4pm UK time), if that suits? It will be vital for me to have the right info from the US perspective and represent your interests, so we should talk about how we will make that work..

Thanks

Steve

**Subject:** Upstream Carbon Steering Team Meeting Call

Hi Stephen-

Hope you are well! Wanted to touch base with you regarding the Upstream Carbon Steering Team Meeting on 9/5. Mary Streett had originally planned to participate, but mentioned that you may be taking the call for comms. Given that it is U.S. focused, I think it is important to have U.S. C&EA on the call, especially given the policy implications.

Do you mind letting me know when you have a few minutes to chat so we can make sure we have the right person on the call?

Thanks!

Tara
