Subject: UPDATE: CAES Steering Committee Meeting
Attachments: Economic work -- IMO

Colleagues:

Good morning!

Redacted - First Amendment

- CAES drafting bipartisan congressional support letter to be sent to the White House. I will circulate the draft for input when I receive.
- Discussing possible CAES executive fly-in. **We will discuss who from BP would be best on our next call.**

Redacted - First Amendment

- Stephen Cunningham w/ Bloomberg is still looking to write a story on IMO. He would like to talk to companies about their IMO-related investments. PBF has spoken with him.
- **Do we want to talk with him?** In light of the inaccurate picture the WSJ painted earlier this year it may benefit BP to provide insight into how we are preparing to comply.
- **Do we have any suggested edits or comments re: the attached studies? Deadline: COB tomorrow**
- CAES website launch date is now 12 March. www.americanenergysecurity.com
- Twitter handle: @ [REDACTED] (live today)
- I am still waiting for AFPM to share their mitigation option(s) memo with me. CAES Steering Committee members will discuss this at this week's meeting.

Happy to talk through any of these you may have questions on or if you need further clarification/context.

All the Best,

Ryan
