

METHANE DECISION CHART FOR TRANSITION TO NEW ORG

04/05/2020

ID	Key Decisions	Production & operations	S&OR	Upstream HSE	Upstream Technology	Technology	Policy	Regions	Legal	
	SPA	Gordon Birrell	Kelly Goddard	Gordon Birrell	Rebecca Wiles	David Eytton	Giulia Chierchia	Mary Streett US / Rutger Hagens EU	Mike Nash	
	Delegate	Fuzzy Bilal	Sonnie	Neil Loader	Peter Evans	Liz Rogers	Paul Jefferies	Bob Stout / Simon Worthington	James Samuel	New Comments from 01/05/20
Strategic Governance										
	Methane Steering Group									
Methane Policy / Advocacy										
	EU Methane Strategy	D	I	P		R	I	A	I	Methane measurement recommendations for the EU
Redacted - First Amendment										
Aim 4 Delivery										
	Interpretation of the Aim 4 and delivery	D		R	I	I	A	I	I	Provide clarity as to the intent and then delivery of the aim
										Technology, NOIVs
Technology										
	New methane technologies R&D	I		P	R	I				Research and investment in methane technologies for reductions, detection, measurement
	Testing, piloting technologies	A		P	R	I				Testing of new methane technologies - BP sites or elsewhere
	Deployment of technologies	D		P	R	I				Field deployment within BP or with partners
	Differentiated Gas	D		R (d&ST)	R	I (DIO)	I	I	I	e.g. Xpansiv and LNG benchmarking
EDF Relationship										
	Relationship with EDF via MOU	D		R	I	I	I	A		Need to establish the appropriate hierarchy of connections: Gordon to Fred Krupps, Fuzzy to Mark, Ibc to Ben Ratner
				P						Aim 4, EU policy, US polic
Non-Operated JVs										
	Inclusion of Rosneft within BP methane reporting and improvements	D					A	I	I	As our largest NOIV the inclusion of Rosneft within our internal and external facing
	Influencing plan for prioritised NOIVs / partners	D					I	I	I	Linked to Aim 4 and OGMP 2.0 - approach for interfacing with NOIVs
										OGMP
External Initiatives - joining, staying, leaving										
	General - new proposals and existing initiatives - Test UNIDO proposal	D	I	I	I	I	I	A	I	Process for making decisions for any new or existing methane / carbon related initiatives
	Oil & Gas Methane Partnership - OGMP v2.0	D	R	I	I	A	I	I	I	Agree framework, MOU and then re-affirm / sign up OGMP 2.0
	Methane Guiding Principles	D	I	R	I	I	I	I	I	Interfaces with other internal and external activity
										Aim 4

RAPID Definition	Decision Accountability	
Agree	Formally Agree to a decision - views must be reflected in a final proposal	
Input	Provide input to a recommendation - views may or may not be reflected in the final proposal	
Recommend	Recommend a decision or action	
Decide	Make a decision - commit the organisation to action
