How companies describe climate risks and opportunities to investors and other stakeholders

[View this email in your browser.](#)

Free Webinar:

Beyond the Horizon: Corporate Reporting on Climate Change

Monday, Oct. 2, 2017

Noon – 1:30 p.m.

Register Here

Increasingly, companies are taking a closer look at how they describe climate risks and opportunities to their investors and other stakeholders. This summer, the Financial Stability Board Task Force on Climate-related Financial Disclosures provided recommendations to improve the quality and consistency of this reporting. C2ES invites you to a public webinar to discuss corporate climate reporting. The webinar will discuss opportunities and challenges drawn from a new C2ES report "Beyond the Horizon: Corporate Reporting on Climate Change."

Speakers

Dr. Neil Hawkins

Chief Sustainability Officer and Corporate Vice
President for Environment, Health & Safety
The Dow Chemical Company

Dr. Neil C. Hawkins serves as the Chief Sustainability Officer and Corporate Vice President for Environment, Health & Safety (EH&S) for The Dow Chemical Company, where he is in his 29th year of service. Hawkins is a global leader in sustainable business practices, EH&S management, and public policy platforms for global sustainable development. Dr. Hawkins led Dow's 2025 Sustainability Goals development, which aim to help chart a new course for business in global sustainable development. He holds doctoral and master's degrees from the Harvard University School of Public Health, as well as an undergraduate degree from Georgia Tech.

Matt Arnold

Managing Director and Global Head of Sustainable Finance

JPMorgan Chase & Co.

Matt Arnold is Managing Director and Global Head of Sustainable Finance at JPMorgan Chase. He leads the firm's client engagement on sustainability across all sectors globally. JPMorgan Chase helps clients navigate environmental and social risks, engages stakeholders and partners in advancing environmental and social progress, and structures targeted impact investment funds. Mr. Arnold was a Principal and leader of Sustainable Business Solutions at PwC and a founder of Sustainable Finance Ltd, acquired by PwC in December 2008. He holds an AB degree in Psychobiology from Harvard College, an MA in International Relations from the Johns Hopkins University.

Fatima Maria Ahmad

Solutions Fellow

C2ES

Fatima Maria Ahmad is a Solutions Fellow at the Center for Climate and Energy Solutions (C2ES) where she focuses on financing opportunities and policy development for energy technologies, including carbon capture, use, and storage (CCUS). In a volunteer capacity, Ms. Ahmad is the Co-Chair of the American Bar Association Section of International Law International Environmental Law Committee and is the Women's Council on Energy & the Environment Vice-Chair for Membership.
