

Redacted - First Amendment

Aim 6/Aim 9

Position bp as credible contributor to GHG emissions regulations and climate reporting regulations

Aim 6

Eliminate or reduce the impact of US foreign policy decisions on bp's global businesses

- Shape new methane rule for oil & gas sector
- Contribute to vehicle efficiency standards rulemakings
- Contribute to NEPA rewrite with informed positions on accounting and mitigating for indirect/GHG scope 3 emissions
- Use TCFD expertise to inform proposals on climate disclosure regulations.

encourage innovation and develop enhanced advocacy functionality.

US C&A – Communications / Employee Engagement

Aim 6/8

Increase recognition among key audiences and strengthen collaboration with key stakeholders to advocate for and advance good climate policies.

- Details TK

Aim 7/10

Mobilize employees 8-10 times to advocate for bp and our net zero ambition and establish select bp leaders as consistent and credible advocates for a company that is performing while transforming.

- ELYSE - recommend weaving in the priorities established by you and Purple team throughout 2020 based on quantitative/qualitative research
