Hi all,

Thanks so much to everyone who made the trip to NH. While we didn't win this one it was enormously valuable having you there. For those of you who didn't catch the debate last night, Sec. Clinton mentioned her [plan to revitalize coal communities](#), not once but twice - including in her powerful closing statement.

We also wanted to flag for you that Sec. Clinton released a [plan for ensuring safe and responsible natural gas production](#) today. Many thanks to the Safe and Responsible Production Subgroup for all your great work, as well as Clean Transportation and Buildings and Industry as we pulled a little from those groups as well.

For those who want to help GOTC in Nevada, Ben and I will both be going. You can sign up here: <https://www.hillaryclinton.com/forms/late-help/>. We'll send around phone banking information soon. And South Carolina is just around the corner. I just got home from Charleston and it's an excellent place to go canvas! You can sign up using the same link.

Have a great weekend everyone!

Trevor
