FOR COMMITTEE USE ONLY

[REDACTED]

Thanks for setting the meeting up - I really appreciate it.

When San Juan County requested the meeting through Senator Lee, we were hoping to include leadership from the BLM, Park Service, CEQ and Forest Service. Some administration leaders we believe may be interested in our message included [REDACTED]  
[REDACTED]

I realize with the late notice and the Columbus Day Holiday it may not be feasible to meet our attendee request. Our Commission does believe the attached report - and the County Resolution in the back - gives a valuable, alternative viewpoint to the monument request from the Bears Ears Intertribal Coalition. Please feel free to share the report as we will be referencing the Resolutions and perhaps some other details.

Accompanying me will be [REDACTED] of Stillwater Technical Solutions, the primary author of the Report and [REDACTED], a research expert. I would like to know who may attend from your end once you have made arrangements - and where you would like for us to meet.

Our primary mission is to invite agencies from the Department of Interior to participate in revision of the San Juan County Master Plan and positively touch a few points in the report that we believe the various agencies may wish to consider going forward.

The 10:30 to 11:30 am time slot works will for us if it can work for the requested attendees.

FOR COMMITTEE USE ONLY

Sincerely,

[REDACTED]

Commissioner

San Juan County, Utah
