Dear Mr. Kian:

In January 2016, Lt. General Michael Flynn submitted an application for a five-year security clearance reinvestigation, in which he listed you as a personal reference. During the background investigation process, you were interviewed by FBI investigators, as was General Flynn. On March 14, 2016, the investigators issued a Report of Investigation, including summaries of their interview with you.

In relevant part, that Report of Investigation stated that you have been a "Friend/Professional Colleague" of General Flynn since 2008. It also stated that you "advised that FLYNN has traveled to the Middle East, Europe, Africa, Japan, and Russia for pleasure and work" and that you "advised that FLYNN would have work related foreign person contacts." Additionally, the Report stated that you "advised that FLYNN would have professional work relationships with foreign businesses," but that "FLYNN did not have foreign government connections."

To assist in our Committee's investigation of General Flynn's unreported foreign contacts and foreign business relationships, I request that you produce, by August 16, 2017:

1. all documents and communications referring or relating to General Flynn's "work related foreign person contacts";

2. all documents and communications referring or relating to General Flynn's "professional work relationships with foreign businesses"; and

3. all documents and communications referring or relating to General Flynn's foreign travel.

Thank you for your prompt attention to this matter.

Sincerely,

Elijah E. Cummings
Ranking Member
