To Ranking Member Cummings and Reps. Meehan, King, Fitzpatrick, Maloney, Kelly and Donovan,

On behalf of the 1,100 institutions and nearly 2,000 individual members of the International Association of Campus Law Enforcement Administrators, Inc. (IACLEA), I am writing to inform you of our full support for The Gun Trafficking Prevention Act of 2015. We applaud this bipartisan measure that is intended to attack the issue of straw purchasers and provide enhanced penalties for other criminal activity involving firearms, while protecting the rights of legal, law abiding gun owners.

We hope this and similar measures will prevent senseless acts of gun violence in the future. Please feel free to contact us with any questions.

Very Truly Yours,

Christopher G. Blake
