Yes, sorry for MY delay! I was out sick Monday and am still catching up on emails. Regina denied the two ICAC awards because it did not look to her as though they had not been competed out as she had hoped/expected. Please let me know if you have additional questions.

Liz, my apologies for the delay. We had an all staff meeting this morning and I forgot about looking this stuff up. In both National and Mentoring, BBBS got fairly good scores 91.2 in Mentoring and 86.5 for National but there were others that were higher. The basic explanation is that the competition was stiff and there were limited funds available so many applicants with high scores did not have scores high enough to receive funding. Also, on mentoring, there were a number of awards made to local BBBS organizations. I hope that scores will not be shared as that is something that we never do. They will eventually receive a letter that tells them how to receive their peer review comments if they want them.

Marilyn

Another subject, can you please tell me why our two ICAC awards were denied on Friday?

M.

Marilyn,
Cybele is meeting with folks from BBBSA tomorrow and wanted to have an idea re: what they are receiving this year.
She was curious re: their scores on the 2 applications where it looks like they did not receive awards. Can you help us out with this?
Thanks!
